Chill out

By: **DECLIC**

SKY BAR Event
BASSMA Lebanese humanitarian organization has organized its summer event in SKY BAR under the theme "Draw a Smile in the Sky", on Monday July 21, 2008.

This event was the occasion for BASSMA's friends and

volunteers to gather in the festive mood of the Lebanese summer and contribute in financing scholarships for 500 children from BASSMA's 135 families for the school year 2008-2009.

It was hosted by the rising star of the stand-up comedy, Mr. Nemer Abou Nassar who has enlightened the evening with his special touch of humor and charisma.

The Deputy General Manager of SGBL Mr. Georges Saghbini was also present during that evening for the launching of the MasterCard SGBL-BASSMA. As a contribution to BASSMA's mission with deprived Lebanese families, SGBL has issued a co-branded credit card with BASSMA allowing its holder to support this organization through his/her regular transactions.

BASSMA is a Lebanese Humanitarian Organization for Social Development established in Lebanon in 2002. Composed of dynamic volunteers, its mission is to fight poverty by rehabilitating the most deprived families and leading them to self-sufficiency. This young organization is achieving ambitious projects thanks to the commitment of its volunteers and especially thanks to the contributions of its sponsors and donors that allow those projects to come to life.
